

Habit 2: Begin with the End in Mind

We plan ahead and set goals. We understand the importance of learning for life.

It has been another busy day at Queen Edith.

Today we learnt about **Habit 2** – Begin with the End in Mind

The day began with classes considering how important it is to plan ahead and set goals for ourselves. We discussed the importance of listening, communication and collaboration and how this can help us when we are planning ahead, working on our own or in a team to achieve our goals.

Friday 13th September – Celebration Day

Who do you admire? Who inspires you?

On Friday 13th September come to school dressed as someone who is inspirational to you? It could be a member of your family, a special member of the community, a famous author or sports star, an inventor or a Nobel prize winner.

We are looking forward to seeing you inspires you in your life.

Today in assembly we recapped on Habit 1 – Be Proactive. We remembered to walk in and out of the hall quietly and sensibly and to look and listen to the person who was talking.
